## Schedule 1      Variations

(section 3)

### [1]      After subsection 6.25 (2)

*insert*

- (3) ACMA must allocate numbers for:
- (a) a standard zone unit; or
  - (b) if the standard zone unit is divided into sectors — a sector;  
as follows:
  - (c) if, in an available prefix for the standard zone unit or sector, there is available a contiguous block of numbers that is greater than or equal to the request in size, ACMA must allocate the numbers from the available prefix;
  - (d) if there is no available prefix for the standard zone unit or sector containing a contiguous block of numbers that is greater than or equal to the request in size, ACMA must allocate the numbers from an unavailable prefix for the standard zone unit or sector.

- (4) In subsection (3):

***available prefix*** means a prefix from which a number has previously been allocated.

***unavailable prefix*** means a prefix from which a number has not previously been allocated.
